

EclipseVox™ A-Z Basic Training Program

EclipseVox™ A-Z Basic is a comprehensive training program covering the fundamentals of EclipseVox™ CAT software for court reporting and voice writing professionals.

J by Jennifer L Thompson CCR CVR-M

The Program and Who Can Benefit

- EclipseVox™ *A-Z Basic* is a comprehensive training covering the fundamentals of the EclipseVox™ CAT software;
- EclipseVox™ *A-Z Basic* is appropriate for newer users with a general foundation or existing users with minimal to no formal training desiring to gain a better understanding and knowledge of voice recognition and the EclipseVox™ software and how they interface;

What You'll Learn and Pre-requisites

The EclipseVox™ A-Z *Basic* program objective is to provide the trainee with a comprehensive understanding of working with voice-to-text technology as it interfaces with a CAT system. An in-depth look at the basic fundamentals of EclipseVox™ will be covered in order to achieve excellent output results and more efficient transcript production. *See class content included herein.*

PRE-REQUISITES

- Dragon 15 or higher. Dragon v16.1 is highly recommended, especially if working with the Windows 11 operating system, ; EclipseVox™ CAT software (a 90-day free student trial is available)
- A working knowledge of Dragon Professional speech recognition software and a pre-built voice model established. While the program does work with Dragon as it interfaces with EclipseVox™, this is NOT a Dragon training
- A solid working knowledge of the Windows environment and intermediate to advanced computer skills. Windows 10 Professional or higher is recommended
- An understanding of the general features of the EclipseVox™ software to begin a realtime session and produce a transcript and/or completion of the *Get up and Go!* program.

The Details

LENGTH

The program contains seven (7) sessions of pre-recorded instruction and two (2) bonus sessions, with accompanying materials and is accessible for four (4) months. Access may be extended for a nominal fee.

FEES & COSTS

\$629. The cost of the program does NOT include software and/or equipment.

(Payment in full or 3 monthly payments of \$210)
